PLASTERS & PACKAGING

Design your own print/shape for plasters and print for packaging

- Printable up to 6 colors
- Shape can be customized
- Bio-compatibility tested
- Individually sealed
- CE marked

Customized plasters and packaging are extremely suitable for and very popular as promotional gifts.

We have template tools for all our plaster sizes with exact printing area measures, which makes it easy for you to place your artwork / logo / design.

Once we receive your design our graphic team will check and adjust it and send you a proof by email.

STANDARD PLASTERS QUANTITY

The standard plaster content in our MyKit, MiniKit and envelope is 5 or 10 pcs. If you want to add more kindly ask for a quotation.

PRINTED PLASTERS MOQ

Customized printed plasters / MOQ 30.000 pcs.

Standard Envelope

MOQ 3.000 envelopes x 10 printed plasters

MOQ 6.000 envelopes x 5 printed plasters.

Small Envelope / MOQ 6.000 x 5 printed plasters.

MiniKit 50 / MOQ 3.000 x 10 printed plasters.

SYSTEM FIRST AID KITS

*Design your own print for
system first aid kits*

RFX+CARE™ first aid systems are made up of complementary first aid products that are packaged in polythene bags and identified clearly with reference numbers and pictograms illustrating both the contents and their use.

Each RFX+CARE™ first aid kit has been designed on the advice of emergency medical services organizations for use in a variety of emergency situations.

We can also customize first aid kits to suit your specific requirements with a range of optional content from the previous pages.

REFLECTIVE PRODUCTS REFLECTORS

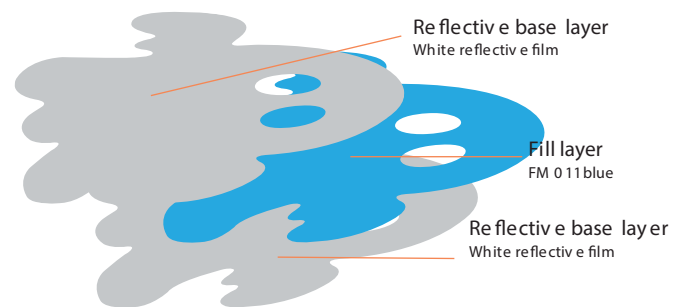

Important printing information

All our high gloss products can be printed ON or BELOW the reflective material, as well as on the back using either a digital or a screen-printing process. Printing BELOW the high gloss gives you the optimal reflective capacity required to meet the EN 13356:2001 standard. Printing ON the reflective film can compromise the reflective efficiency. To meet the requirements of the standard there have to be at least 15cm² free reflective area.

This is 15 cm

Inside the reflector

Phthalates free

Our products are tested and free of phthalates.

SLAPWRAPS

Slap Wrap is an elongated reflector with a specially developed spring welded inside. By a light slap it easily curls around the arm or ankle and you will be seen and safe in the dark. SlapWraps provide 360° visibility, and is also fun and ideal for carrying promotional messages.

Additionally, by using SlapWraps certified to meet the EN 13356: 2001 standard you make traffic safety a feature of your campaign. Our SlapWrap can be made in white or yellow florescent high gloss. Both colours are certified according to the EN13356 standard.

REFLECTIVE COLLAR

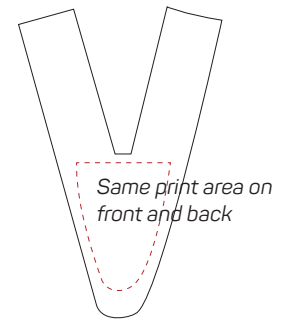

When cycling around the RFX™ collar is a reflective safety product with a large printing area for promotional messages that's available in either high visibility fabric or reflective high gloss. Because it's smaller and handier than a safety vest, the collar is ideal for kids. You can choose between a full reflective collar and a more

economical version where only the front triangular flap is reflective. Both versions have a clip fastening for securing the collars to clothing and the high gloss versions have pre-determined shoulder breaks for additional safety.
